Incredi-Bowl® Bases and Lids

Round polypropylene bowls in nine sizes from 5 ounces to 48 ounces provide the optimal solution for many food applications. Excellent for soup, stew, chili, pasta, stir-fry and much more, can be used as a main course or as a side dish. Works well for sauces and desserts, too. Each lid fits three containers of various depths in 4.75", 5.75" and 8.5" diameters. Inside fitting polypropylene lids with leak-resistant seal eliminates messy spills and easy-open tabs are a consumer favorite.

4.75" Round M4800 Series with Anti-Fog Lids

Clear, anti-fog, vented lids keep food looking fresh and appealing

Valu-Bowls and Lids

Reduce food costs by replacing 9" round containers of any material with high performance polypropylene 8.5" packages or attract attention with the unique 9.5" polygon-shaped two-piece package. Each line has a vented polypropylene lid to allow steam to escape and help maintain food textures. Leak resistant secure seal eliminates messy spills during transport.

MicroRounds® Bowls and Lid

Three 7" diameter polypropylene bowls are designed with easy-to-use handles. A single, inside fitting, shallow polypropylene dome lid has a leak-resistant closure and one lid fits the 12, 16, and 24 ounce sizes. Perfect for hot foods, the handles offer a convenient option for stir-fry, pastas, and other prepared food.

Oval Platters and Lids

Assorted sizes and designs in shallow polypropylene oval platters for any meal or snack occasion. The full perimeter leak-resistant closure prevents messy spills and the addition of several unique features lets you choose the style that best suits your needs. Choose a platter designed to hold an 8 ounce paper food container in place without an extra lid or a package with an arrow that points the way for a quick closure. Platters with extra ribbing are available for holding a heavy load.

10" - 11" Shallow Oval Platters with Anti-Fog Lids

Clear, anti-fog, vented lids keep food looking fresh and appealing

M900 Series

The three oval polypropylene containers in 12 and 16 ounce 8" and a 24 ounce 9" design offer a variety of lid options for appetizers, casseroles, and single servings of many foods. The 8" has a polypropylene, vented lid for hot foods to go plus a PETE lid to merchandise cold foods and ready to re-heat items on a grab and go display. A flat lid and dome lid in RPET are available for the larger 9".

Clear, anti-fog, vented lids keep food looking fresh and appealing

M800 Series

Refresh your presentation or reduce your rising food costs with this line of rectangular one, two, and three-compartment polypropylene containers. Compartments segregate the various flavors of multiple item meals. Choose a solid dome lid to fit all of these containers in polypropylene or RPET or a flat RPET lid to assist with portion control. There are also 2-compartment and 3-compartment polypropylene lids available as special order.

Temperatures up to 230°F under heat lamps, in warming units, or microwave

M700 Series

Popular one, two, and three compartment polypropylene rectangles are the perfect size for most meals. The single compartment 32 ounce and deeper 48 ounce containers will accommodate a wide variety of entrees and sides. The 2 and 3-compartment containers keep flavors segregated and the 2 and 3-compartment polypropylene lids will prevent solids from mixing in with other foods.

The leak-resistant, solid polypropylene and RPET lids will fit all four containers to allow bones or unusual shapes to be packaged in any of these designs.

Clear, anti-fog, vented lids keep food looking fresh and appealing

Packaging that Performs

MicroRaves: Whether its restaurant take-out or supermarket take-home, think **RAVE**:

- **R**esistant to heat and leaking,
- **A**nti-fog clear polypropylene lids,
- **V**ariety of shapes, sizes, configurations to meet your
- **E**very merchandising and prepared food need.

Features	Benefits
• Polypropylene Bases and Lids	High performance products will withstand temperatures to 230°F under heat lamps, in warming units or the microwave. Resistant to hot grease and oils. No release of odors when heated affecting the flavor or taste of food. Tough, cut-resistant material is also light and durable.
• Clear Polypropylene Lids	Clear Guard® anti-fog in all polypropylene lids offers excellent visibility of hot foods to assure order accuracy and drive sales from a hot display.
• Clear PETE Lids	Excellent visibility increases impulse sales of cold, ready-to-reheat foods in a refrigerated display.
• Design	Variety of shapes and footprints for every merchandising and take-out situation. Classic black bases with ribbing to reinforce the container and allow juices to drain.
• Size	Single serving, multiple or family size portions, snacks and small portions.
• Single and Multiple Compartments	Appetizers, sides, entrees, desserts packaged separately or complete meals.
• Leak Resistant Closure	Confidence that the food stays inside package during handling and transport avoiding messy spills.
• Combo Packs	Many products available in convenient base and lid combo packs.
• Consumer Reusable	Polypropylene packages are dishwasher safe and a valuable bonus for your customers who can reuse the containers again and again.
• Recyclable	All polypropylene  and PETE  are recyclable. Many black, polypropylene bases are made with natural additives reducing the use of oil based resins by 40%. Most of the PETE lids are made with 10% FDA approved post-consumer recycled RPET resin.
