

**THE ENVIRONMENT
WILL THANK YOU.**

**AND SO WILL
YOUR CUSTOMERS.**

Introducing crystal-clear containers made from 50% post-consumer recycled plastic bottles.

Show your commitment to the environment while you show off your products with Fabri-Kal's Alür™ containers – made from 50% post-consumer recycled (PCR) plastic PET bottles. With recycled content messaging engraved on the bottom, your customers will understand that you're as committed to the environment as they are.

FK® Fabri-Kal®

EXPERIENCE THE TOTAL PACKAGE.®

Give your customers more of a good thing. Sustainability.

People will pay more for environmentally friendly products. Since nearly 1 in 4 consumers are willing to pay to save the environment,¹ it's likely that your customers will be glad to see you've chosen Alür™ containers made with 50% post-consumer recycled material. They don't have to pay more. And neither do you.

Save resources for the next generation with our new generation of containers. Alür™ containers are made from 50% post-consumer recycled PET plastic bottles. More recovered and reprocessed plastic bottles mean:

- Less refuse going into our waste stream.
- Less need to tap virgin raw materials to produce consumer goods.
- More recycled materials at work, strengthening the sustainability loop.

100% commitment to quality.

Crystal-clear Alür™ round containers and lids are engineered to be operation-friendly, durable, and leak-resistant.

- They are brilliantly clear for complete product visibility.
- Like all Fabri-Kal products, they are crafted with care right here in the U.S.A.
- Containers are printable and suitable for labeling, providing branding opportunities.

Introducing Wide Flange Containers.

Wide Flange Alür™ containers are ideally suited to meet food processor packaging needs and are compatible with automated-fill and heat-sealing equipment. The containers help you ensure product freshness and integrity, while maximizing operational efficiency.

- Stackable containers available in two sizes: 8 and 16 oz.
- Durable, robust containers work well with automated equipment.
- New outer fit lid is compatible with heat-sealed containers and is easy to open and close numerous times.

Fits all containers in the Alür™ family.
