\*Packed on a 1.5" Cored Roll

\*\*Packed on a 3" Cored Roll/brown carton

### Food Bags

Perfect for packaging a variety of foods, including bakery items, cheeses, and a variety of frozen products.

### Ex-Heavy Meat Bags

Designed for the toughest meat packaging applications; they are manufactured from extra heavy virgin film to help prevent meat juice leakage.

### Perforated Bags

Contains air holes to allow produce to breathe, adding vital shelf life and freshness.

### Ice Cube Bags

Manufactured from high-impact virgin resin printed for sales appeal and designed to withstand extreme cold temperatures.

### Bottle Bags

Printed with fill line to indicate maximum capacity.

### Utility Rolls

Extremely versatile bags. They are ideal for a variety of applications, including bakery, produce and small parts inventory; packed on a 1.5" core.

### Bun Rack Cover

Packed on a 3" core and has been designed to prevent free standing bakery, restaurant and cafeteria racks from airborne substances.
