

Super-Lene® SCM High Density Liners are especially popular among cleaning crews, janitors, maid services, schools, and health care industry personnel. Coreless rolls are easy to handle, store, dispense and track. Bags have outstanding dart strength and are very cost effective.

The addition of Microban® antimicrobial protection inhibits the growth of odor-causing bacteria on the inside and outside surfaces of the bag, keeping surfaces cleaner between cleanings. High Density bags are available in a range of industry standard gauges. SCM is definitely the favorite and often utilized in the market today.

- ▣ Leak-Proof Star Seal
- ▣ Microban® Protection
- ▣ Coreless Rolls
- ▣ Source Reduction
- ▣ Nominal Gauge
