

SOURCE REDUCTION SR SERIES

Source Reduction SR High Density Bags are our most cost efficient general stock bags packed on perforated coreless rolls. SR Liners use less plastic which is good the the environment, yet they are strong enough "to get the job done".

Aluf's Source Reduction (SR) high density bags feature:

- ▣ Metallocene High Density Blend, for superior stretch ability
- ▣ Up to **10% recycled content**
- ▣ Less Polyethelene than traditional liners
